2021 Volunteer Guide

In order for the ADA to produce safe and fun events, we must comply with the following regulations. Rules are enforced with a zero-tolerance policy. Volunteers who do not adhere to these rules will not be able to volunteer for events where alcohol is sold or consumed.

Safety is our top priority and in order to be in compliance with Alcohol Beverage Control regulations, volunteers must adhere to the following rules.

- Absolutely no one can take an alcoholic beverage without the exchange of a token or payment.
- One drink per person at a time
- Wristbands are required for anyone wishing to consume alcohol.
- If you question the age of someone with a wristband, ask for proof of ID.
- No one may consume alcohol behind the serving line.
- No volunteer or employee can consume alcohol during their shift.
- Volunteers who serve beer/wine cannot consume alcohol prior to their shift.
- · Volunteers on shift will be identified by nametag.
- When off shift, you must remove your nametag if you consume alcohol (preferably volunteers will remove their event Tshirt).
- All volunteers who pour beer or wine must complete the RASP (Responsible Alcohol Seller Program) test and submit their certificate to the ADA.
- It's illegal for anyone under 21 to purchase or posses ANY alcohol.
- No wristband, no alcohol.
- It's illegal for anyone, regardless of age, to aid in the unlawful sale, purchase or possession of alcohol or to fraudulently use ID to obtain alcohol.
